AMBER SCARF-PIN.

The soft or cranial which has had such an effect upon my mind, otherwise I should have been a different person.

About six months ago I had been engaged to a young man, and I had just been engaged to another young man.

At Annapolis a French gentleman entered the room. He was in a black frock coat, and he was looking at me with a very peculiar expression.

At last, I said, "I remember that I had been engaged to a young man, and I had just been engaged to another young man."

"I am perfectly certain of that," said the French gentleman. "I have been engaged to a young man, and I have just been engaged to another young man."

"I am perfectly certain of that," said the French gentleman. "I have been engaged to a young man, and I have just been engaged to another young man."

THE FRENCH MAN.

The French man every evening looked at me with a very peculiar expression. He was in a black frock coat, and he was looking at me with a very peculiar expression.

"I am perfectly certain of that," said the French gentleman. "I have been engaged to a young man, and I have just been engaged to another young man."

WHY I WAS SHY TO STAY IN BRONX.

It was the inevitable custom of the night to go to the theatre, and I was in the habit of going to the theatre every night.

"I am perfectly certain of that," said the French gentleman. "I have been engaged to a young man, and I have just been engaged to another young man."

THE YOUNG FOLKS.

It was a very nice party, and I was in the habit of going to the theatre every night. I was in the habit of going to the theatre every night.
