Registered under the Act of 1869: Section 20, Schedule 3, Part 1.

This Association has been duly registered and formed to protect Gas Consumers against indifferent supply and overcharge, consequent on defective and erroneous registration caused by faulty meters.

To have meters checked periodically by experienced officers as to accuracy of registration, and where defects are found to exist to at once take the necessary measures to bring said defects under the notice of the responsible authorities.

The Inspector will call on each Subscriber at least once a month, so as to unceasingly watch their interests; to receive any complaints that may arise through inaccuracy of registration, indifferent supply, or leakage, especially as regards Gas Stoves.

In cases where Subscribers may leave their houses for any period, notice should be at once sent to our Office, so that their interests may be narrowly watched during their absence. We should also be advised in the event of Subscribers changing residence.

The ANNUAL SUBSCRIPTION is 10s. (payable in advance) where One Meter is used; 20s. where two Meters are in use; and an arrangement can be made where more are required.

N.B.—Gas burners required new or repaired, and made where necessary free of charge.
