THE POLITICAL BOWLING GREEN.

By Speaker in Power. A man who listens intently...

It will be well for the Treasurer if some kindly opportune sickness should come and confine him to his bed at the time...

Touching this currency question, there is a notable related of Catherine of Russia. Like many other women, she was once upon a time very short of cash.

But when Mr. Carter came to the fore he had all the data of his predecessor's disaster before him. He was pledged up to the hilt to put the finances straight.

But you see, my dear Puck, this saves the Treasurer's head at the expense of his honesty.

What we have to do this year is to see that he does not repeat the disastrous blunder and give another year of still another deficit.

Mr. Harper is not at all astonished at the financial face which has marked the course of the Government.

Northcote Ladies' Benevolent Society.

The annual meeting of the above was held in the town hall on Monday...

Apologies for non-attendance were received from the Rev. Hector Ferguson, who was at Portarlington...

The members of the Legislative Council are up on the stiffs. They are touchy to a degree.
