THE LEADER.

Published every Saturday Morning. Hours, 11 to 3.30; or by appointment, Telephone No. 822. A question of considerable importance affecting the voting at municipal and Parliamentary elections was brought to light at the meeting of the Council for Prestonshire, at the council chamber on Monday evening. Hitherto at any rate so far as Prestons is concerned—banks and other corporations have been satisfied to be represented by their own agents, and not by their own members.

LOCALISMS.

Damages action—Mrs. Abernethy v. The Northcole Council—now proceeding. The Northcole Council has been ordered to pay a public debt of £100 to Mrs. Abernethy.

A good sign—The wages of the men were recently raised, unaided, at the Northcole Municipal Council. The Northcole Municipal Council on Thursday evening was a purely formal affair.

During the last three years the Northcole Ladies' Benevolent Society have issued the large sum of £300 16s 11d in relieving the poor and workless.

A prosperous society—The Star of Northcole T.L.O.H., has £712 17s 6d to its credit, and at the present time benefit members are £28 12s 6d in arrears.

Fourteen hundred and sixty-six new, workless children have been supplied by the Northcole Ladies' Benevolent Society with clothing and shoes.

Mr. R. Burrows, fresh from Coalgrange, was knocking about Northcole yesterday, in a motor car, with a party of five, varying in value from £5 to £50.

The Preston Council as a Revision Court on Monday evening to revise the rates for the various ridings, the president (Cr. Baylis) presiding.

It is difficult to see how a layman can interpret it specially. It appears to be a clause specially added to the principal Act to define the voting power of corporations, and it expressly states that "When a corporation is a member of a municipal district, or subdivision, such corporation may, by writing under its common seal, appoint any number of persons not exceeding three in all to be enrolled in the place of each corporation."

SHOCKING GUN ACCIDENT.

MR. GEO. STAPLES SHOT DEAD. Little also was talked about yesterday but the terrible gun accident by which Mr. Geo. Staples, of the insurance firm of W. & H. Staples, furnished with a shot from his revolver, was instantaneously killed.

Mr. Staples was in the premises by a number of half-clothed men counting about, and after counting work on Thursday evening, Mr. Geo. Staples got his gun for the purpose of shooting some of the men.
