It is not, perhaps, generally known that Charles Stewart, Northcote, got his name from that fine old Imperialist, Sir Andrew Clarke, whose death was announced this week. Sir Andrew also owned the house in Little Collins street, through the Eastern Market into Bourke street, and through a right of way into Little Bourke street, where the fugitive was shot down, just having enough breath left to ask "What do you want for me?"

The question was answered by a constable dragging a pair of handcuffs on to his wrists and manning him to go. In his flight he had got rid of the pistol, having only 34 in his possession when he was shot. At the city court on Wednesday he was sentenced 6 months imprisonment, giving his name as Richard Hyams.

Within the past twelve months the Rev. Robert McNair, pastor of the Northcote Independent Presbyterian Church, has conducted four special children's services, and last week the scholars were requested to send in an outline, giving the "lead" only, of the several sermons they had heard. The papers were examined by Mr. McNair, and he has been able to select about 200 papers, and has distributed them to the children of the church, and has also had 100 copies of the same printed, and has distributed them to the children of the church, and has also had 100 copies of the same printed, and has distributed them to the children of the church.

"H-e you got rats?" queried the Preston sanitary inspector as a small boy stood up to the ship-office counter at the Melbourne town hall, where he was monthly meeting on Tuesday evening, 3rd inst.

NORTHCOTE TOWN COUNCIL.

Tuesday, 22nd April.

Present.—Cr. Plant (Mayor), Youmans, Hastings, Mitchell, Edwards, Pearl, Thompson, Marks, Mcintosh, Smith, Dennis, Cundy and Jamieson.

THE MELBOURNE HOSPITAL. The Melbourne Hospital were asking for an increased grant from the council.

A NEW BANK. The Commercial Bank were notifying that they had opened a branch at 277 High Street, Northcote, and asking that the council's account be transferred there.

PERSONAL TO FENCE THE FIRE-TRUCK. The Preston Council were asking council to appoint three delegates to meet on Wednesday to consider the proposal of the Metropolitan Board of Works to fence off the fire-truck runs throughout Northcote and Preston.

Cr. Youmans said that as instructed by the council he had made inquiries into the matter and he found that the proposal was the very natural result of the board finding that other people were fencing in and making use of their property. Like any private individual they thought that if this was to be done they might have the advantage of not having the enclosures after fencing. However, he advised meeting with the Preston Council to see what had best be done.

Cr. Pearl, Edwards and Smith were appointed to attend.

THE MURDER CASES. A ratepayer wrote asking that something be done to let the stagnant water in the Merri Creek get away. During the workmen had been carrying out part of the retaining walls had been washed down and the water was slacked back near the railway bridge to St. George's Road.

Copy of letter to the Lieut.-Col. Ray, M.A., who has the matter of engineering to get the Government to continue the work in hand.

CLYDE STREET. R. Garnett wrote asking for a couple of loads of bricks near his premises in Clyde street, where the ground had been washed dangerous runs.—Granted, on the motion of Crs. Cundy and Pearl.

BAILEY STREET SEWERAGE. Mr. Mitchell was asking for the improvement of the drainage on the north side of Bailey street, east end.—Referred to the works committee, on the motion of Crs. Cundy and Jamieson.

JAMES STREY LIGHTING. J. G. Glanville wrote asking that a gas lamp be erected at the corner of James street and East street.—To be considered by works committee, on the motion of Cr. Jamieson.

GEORGE STREET SEWERAGE. T. and C. Creak and J. H. Ward wrote asking attention to the unsatisfactory condition of George street sewerage. What was required was a 5-ft. diameter.

Cr. Cundy said that the ratepayers desired to pay the cost themselves, the council to have the work done in ordinary way. Referred to the works committee.

PUBLIC WORKS COMMITTEE. The report was submitted by Cr. Melstosh, recommending:—1. That accounts amounting to £240 10s 10d be passed for payment.—Adopted.

2. Letter of J. Timmons re opening up lane or passage for drainage purposes at rear of the south side of James street.—That the plan and scheme proposed by the Town Engineer, be approved, and the Council give directions as to further procedure.

The Mayor and Cr. Youmans proposed this clause as they had not sufficient information on which to vote.

THE SUTHERLANDS. The surveyor having furnished the necessary particulars opposition was withdrawn and the clause adopted.

3. Lamps.—That lamps be erected at the following places, viz.—Westgate street and Merri parade corner; Raleigh street, near letter pillar at David street; Clarke street and Jackson street corner; West James street and Melstosh street corner.

Cr. Youmans moved an amendment substituting "James street, south side, opposite Melstosh street."—Carried.

The clause in this amended form was carried. 4. Letter S. I. Doran re lamp at rear of terminus.—That such lamp be lit every evening and be allowed to put out the light on the arrival of the last car.—Adopted.
