THE HEATING OR FERTILIZATION OF HAY.

It is well known that hay which is not quite dry is placed in a heap and covered with a layer of heat takes place. It is generally found that this action is entirely due to the work and activity of bacteria.

B. E. JOHNSON
Wishes to notify his friends and the residents of Northcote and surrounding districts that he has purchased the GROCEERY business in the business of W. WILLIAMS, and desires to thank his numerous friends and customers for the very generous support and patronage which they have accorded him during the past 14 years, and at the same time trusts that the same patronage and support will be extended to his successor, Mr. Williams.

THIS change has been brought about owing to the rapid growth and expansion of the BAKERY business, the ever-increasing demands which require its entire energy and attention. In addition to the ordinary bread, he has just completed a New Oven, fitted with the latest and most scientific appliances and capable of turning out a large quantity of Bread daily. Large additions to his premises are also in course of erection, and when completed will bring his Bakery establishments into line with the most modern and up-to-date bread factories in Australia.

B. E. JOHNSON is also manufacturing a DYSPEPSIA CURE, which is a most reliable and effective remedy for all cases of indigestion, flatulency, and all other ailments arising from the stomach. It is a most valuable and reliable remedy, and we want your custom. Let us prove that we can meet your demand for quality.

B. E. JOHNSON'S FAMILY CAKE—Our new cake factory is now in full swing, working to its full capacity. Our Cakes—fruit and nut—are absolutely the best in the present market, and are sold at a price nearly all grocers. Ask for B. E. Johnson's Family Cake.

B. E. JOHNSON, (Est. 1884)
