PAINTING!  
Sound Reasons for Painting  
If you are painting you  
are losing money.  
Paint is a good investment.  
It is just as important as  
insuring your life. The Life  
insured. The only difference  
between Life Insurance and  
Paint is that your house is  
always exposed to some dam-  
aging element, while your life  
is only in danger at separate  
intervals.  
Don't delay. Come right  
along and get estimates for  
necessary work.
