height or breadth. Certainly it is admirably able to show a large number of properties on a given spot in the shortest possible space.

The tremendous support which is given to the French troops in the most complete and striking manner, the range may be changed at any moment.

It has been said, it is useless to kill a man twice. The French shell therefore, strikes the first blow, and then, when the enemy has been wounded, it strikes again.

It is a fact that the French shell is a very accurate and powerful weapon. It is a fact that the French shell is a very accurate and powerful weapon.

It is a fact that the French shell is a very accurate and powerful weapon. It is a fact that the French shell is a very accurate and powerful weapon.
