PAINTING!
You can't afford to have anything but the best paint used upon your house, neither can you afford to have anyone but the best of workmen apply it. Cheap paint means poor protection and frequent repainting. We use **Genuine White Lead and Linseed Oil** because it makes the best paint which can be procured. Our workmanship is of a quality which can only come from years of practical painting experience. These two things combined will give you the best possible kind of a job. Will you not let us call and give you an estimate?
