AN APPEAL FOR ACTIVE CO-OPERATION

IF ever there was a time for individual and co-operative effort, that time is the present. The demands of the fighting forces at home and abroad call for much sacrifice on the part of every man and woman in Australia. The time has come when we must GIVE, and GIVE GENEROUSLY. Australia's entry into the war by the side of Britain leaves no room for doubt the volume of effort that is required to ensure victory. At all costs the Freedom PROMINENT DISPLAY of the Empire must be preserved and each and every one must do their bit toward this purpose.

The Mayor of Northcote (Cr. Bird) has made an urgent appeal for humanimum minimum Red Cross funds to complete Northcote's allocation of £1700. A magnificent response is expected from all quarters of the district. The Thornbury Traders' Association has given its word that a maximum effort will be launched to contribute a substantial amount to the fund. Ably supported by the Thornbury Red Cross Auxiliary, both parties have decided to participate in a stall in the proposed Patriotic Carnival to be held at the Northcote Town Hall on July 8, and continuing till July 12.

The T.T.A. is most enthusiastic and already has arranged several entertainments to assist in the raising of funds. On Wednesday, June 12, a Picture Night is to be held at the Planet Theatre and tickets are selling rapidly. Donations totalling £50 worth of goods are to be disposed of and a Graduated Appeal is to be

Those traders who are not already members of the Association are urged to enrol at once. It cannot be emphasised too strongly that where there is unity of purpose there is abundant strength. Our membership is close on 50, and whilst we have accomplished much of a practical and worthwhile nature, it can be easily seen that with a membership of double that number our efforts would be even greater. Every conscientions trader will readily recognise that where a unified body exists, much may be achieved. Requests for improvements, etc., will receive greater consideration if made by a body of individuals combined for a definite purpose than if made by one single individual. You are invited, therefore, to enrol your name immediately with the secretary. Our work is all honorary. No remunerations are made and we are endeavouring to introduce (by means of forceful representation) several genuine benefits to the trading community

At the moment our efforts are directed toward patriotic channels. We are leaving no stone unturned in our drive for funds to assist the Mayor's Red Cross Comforts Appeal. Our enthusiasm is prompted by a band of loyal members whose names appear below. We make a direct appeal to the traders of Thornbury (who are not members) to join up with us at once and fight a good fight on the home front.

This appeal from the T.T.A. does not stop at Thornbury. It is made with the genuine desire that men and women in the whole of the district might rally to the cause and make some small effort to assist in a most vital and necessary cause. Offers of assistance may be made to the secretary, e/o 608 High St., Thornbury.

AN APPEAL FOR ACTIVE CO-OPERATION

IF ever there was a time for individual and co-operative effort, that time is

for much sacrifice on the part of every man and woman in Australia. The

time has come when we must GIVE, and GIVE GENEROUSLY. Austra-

lia's entry into the war by the side of Britain leaves no room for doubt the

of the Empire must be preserved and each and every one must do their bit

cent response is expected from all quarters of the district. The Thornbury

Traders' Association has given its word that a maximum effort will be

launched to contribute a substantial amount to the fund. Ably supported

by the Thernbury Red Cross Auxiliary, both parties have decided to parti-

cipate in a stall in the proposed Patriotic Carnival to be held at the North-

The T.T.A. is most enthusiastic and already has

arranged several entertainments to assist in the rais-

ing of funds. On Wednesday, June 12, a Picture Night

is to be held at the Planet Theatre and tickets are sell-

ing rapidly. Donations totalling £50 worth of goods are to be disposed of and a Graduated Appeal is to be

Association are urged to enrol at once. It cannot be emphasised too strongly that where there is unity of

purpose there is abundant strength. Our membership

s close on 50, and whilst we have accomplished much

of a practical and worthwhile nature, it can be easily

seen that with a membership of double that number

our effects would be even greater. Every conscientions trader will readily recognise that where a unified

body enists, much may be achieved. Requests for im-

provements, etc., will receive greater consideration if

made by a body of individuals combined for a definite

purpose than if made by one single individual. You

are invited, therefore, to enrol your name immediately

with the secretary. Our work is all honorary. No

remunerations are made and we are endeavouring to

introduce (by means of forceful representation) sev-

patriotic channels. We are leaving no stone unturned

in our drive for funds to assist the Mayor's Red Cross

Comforts Appeal. Our enthusiasm is prompted by a

band of loyal members whose names appear below.

We make a direct appeal to the traders of Thornbury

(who are not members) to join up with us at once and

This appeal from the T.T.A. does not stop at Thorn-

bury. It is made with the genuine desire that men and

women in the whole of the district might rally to the

cause and make some small effort to assist in a most

vital and necessary cause. Offers of assistance may

be made to the secretary, c o 608 High St., Thornbury.

NONCHALANT ATTITUDE OF CERTAIN SHOPKEEPERS

Members of the Patriotic Carnival Committee and members of the Thorn-bury Traders' Association also, have expressed astonishment that many of the cards giving particulars in confection with the carnival, and which had been with many shopkeepers, have not been made use of from a display point of view. It is contended that those made use of from a display point of view. It is contended that those refused to display the cards in their windows have shown a very selfish attitude and one in which loyalty and patriotism are lacking, considering that the majority of shop-keep-tra are throwing their weight well believe are throwing their weight well believe from which are to be devoted to the Red traders and Soldiers' Comforts Funds. It is hard to believe that there are traders in the community who would hinder rather than assist, patriotic efforts.

Some traders have refused to display the posters.
