OUR 2ND WARTIME CHRISTMAS

"CARRY ON" STILL THE NATION'S POLICY "Leader-Budget" Presents It's Xmas Issue

THREE weeks and we celebrate our Second Christmas of the War Period. This year thousands of the flower of Australia's manhood will honor the festive season in many parts of the globe. And just as surely as our thoughts will turn to them on December 25, so their minds will, in spirit, re-cross the oceans to Australia.

In spirit and in fact, Northcote and its citizens have, like the rest of the nation—"Carried

Immediately the Government announced the severity of the petrol cuts Australia went a'wheel. The bike was back in its heyday again, and as far as national fitness is concerned that's good

Cycling is indeed a splendid exercise for all ages, but the older folk are advised to take their return to the cycle easily otherwise strain can very easily be incurred.

Northcote residents are fortunate that there are, within easy riding, many delightful short tours pleasing alike to eye and mind. Our advice is: For Your Health and Pocket's Sake-CYCLE.

Cycle racing in the Northern Suburbs has become very popular. The reason among others, is that the board track that was recently removed from the Exhibition Buildings has been now erected at North Essendon. Local chibs report increased membership owing to the track being so easily accessible for training A good night's entertainment is assured to patrons of the board track, which is situated near the Essendon railway station. When boiling, boil rapidly for half an hour, and then slow down. The lemons should be cut into very small pieces.

Salad Successes.

There are so many appetising combination of fruits venetables, choose and other ingredients at your disposal for the making of a salad that it is well worth experimenting with new flavor possibilities, so that your family will enjoy the salad they should have regularly on their daily diet.

From the health-giving standpoint, remember that vegetables and cheese together are an excellent salad combination. The salad greens provide ceilulese, the fibrous "bulk" needed to keep the system regular, and salad vegetables are also very tich in essential vitamins and minerals. Cheese, like meat, is a first-class protein food, so its inclusion makes a salad a well-balanced and sustaining meal.

Soak for 12 hours in cold water, then wipe well and trim away any rusty piecer. Make a dough crust of flour and water; it needs plenty, as it should be an inch thick ell over the ham so as to retain all the juices. Roll out the dough, put the ham in the centre, and carefully mould the dough all over the ham without stretching it, otherwise the juices will escape and the ham will lose much of its lovely flavor. Damp the edges of the dough slightly to make all join; secure Then hake in a good hot over for 4 hours. Big Street Carnival

For Patriotic Purposes

Assistance Asked For Australians Abroad

Every resident of Northcote can assist in maintaining national security in helping to prosecute the war with the utmost vigor and in providing adequately for our fighting services abroad—of whose exploits in air, on sea and land we are so proud. This can by done by supporting to the utmost means in his power, the efforts of those enthusiastic citizens who are organising the huge street carnival to be held in High St. on Friday next, December 6.

Every resident of Northcote must bear his burden in finding money for comforts for the soldiers and for Red Cross purposes. Having made it plain in the past that their efforts in this direction have been worthy of our city, it can be confidently anticipated that Friday next will be a redletter day in the history of the municipality so far as the results of a one-day effort are concerned. A day on which all thoughts of increased taxation are forgotten, and a day on which generous and consistent giving will mean the maximum results in money.

Many calls have been made on the people. From present appearances many more will be made. But these must be met with a checrful response. The privileges and opportunities that we are enjoying in Australia do not exist in England and other parts where the sons of the Empire are engaged. The Carnival will provide an avenue whereby we can assist to the limit of our resources. Who will say may to such an appeal? Not many people in Northcote we sincerely hope. If they did so it would be contrary to the spirit of practical sympathy that has always been outstanding among the citizens of Northcote.

Thousands and thousands of pounds are needed so that our men will not suffer or want. It cannot—it must not—be said we let them down when we are placing in them a ulet confidence and on them enormous responsibility in our hour of storm and stress. By giving freely we will show hat we appreciate the sacrifices they are making for Australia and the Motherland. Let us remember those words of enry Lawson, the Australian poet, when he foretold the citizen army that won undying fame at Gallipoli, in Flanders, in Palestine and Syria, in 1914-18:—

All creeds and trades will have soldiers there-give every class

They'll know the glory of victory—and the grandeur of defeat. There is an appeal in these verses which makes us proud we are Australians-and Britishers. Let us give, then, and assist in maintaining the prestige of our men abroad. Help the new Digger-the man who is helping us.

All that remains to make the Carnival a huge success is Carnival of all time in Northcote there will be stalls at which almost every kind of article can be purchased, chocolate wheels, concert parties, Lands, and every conceivable attraction. If £500 or £750 is aimed at through these sources, let us make it £1000. Co-ordination is going to play a big part in the actual result. The people know where their responsibility lies in such a matter. There is little fear but what they will shoulder it in such a way that everybody concerned will have cause to be pleased.

The positions of the stalls will be as follow:---West Ward Progress Association, cnr. High and Hutton Sts. Thornbury Traders' Association, cnr. Gooch and High Sts: Returned Soldiers' League, opposite Memorial Hall: North Society, opposite McGibbony Bros: After Care and Austin Hospital Auxiliaries, opposite Coles; St. Vincent's Auxiliary, opposite Rowland's Drapery Stores: Northcote Choral Society, opposite Love & Pollard's; Royal Melbourne Hospital Auxiliary, opposite Cornish's; Blind Auxiliary and Girl Guldes, opposite Shewan's; Northern Ice Works, opposite Woolworth's; Northcote Chamber of Commerce, lucky envelope drive, opposite Bank N S.W; I.O.R., opposite Alexander's

The envelope drive is being conducted by the Community Singers connected with the Chamber of Commerce weekly essions for the ambulance appeal launched in Northcote and to which quite a substantial amount has been contributed Vhatever money is raised through the ambulance appeal will be paid into the Red Cross funds.

ADDRESS BY UNIVERSITY LECTURER

A glance at the sparse attendance at the lecture given under auspices of the Workers' Edu-cational Association in the committee room of the Northcote Town Hall on November 26 caused regret for the opportunities missed by Northcoto residents in not attending these lectures. Had they been present, they could have learned to become a broadcaster, for the lecturer, Mr. H. Burton M.A., has a masterly knowledge of his subject. A lecturer nomics at the University, Mr. Burton has been broadcasting for 12 years, his subjects ranging from social problems to modern advertising. Many University graduates or teachers are chosen for broadcasting (but not always) and there appear to be opportunities for those with original the are capable of proper atmosphere

put them into operation. To any person who would like to be heard over the air, here are Mr. Burton's points, showing

A person must feel that he has

something worth while to talk

about, or have the racy gift of telling a story. The subject should be written up and a copy forwarded to the broadcasting statton. Talks must not be dull and heavy. On the contrary, they must be bright and entertaining and, if anything, provocative. The material required is that which impress listeners to write in about it. Above all, it is necessary to be sincere. The "Watchman" is an instance of that, because he means what he says. The value should be kept up to the end of the sentence and short sentences ought to be used instead of long and involved ones. Enough points should be picked out to fit into the time allowed. as to harry was to lose poise. Mr. Burton roud his talk given over the air on "What I think of Advertising." This talk, provocative and amaging, raised a storm from advertisers, who demanded the

right to reply, which they did, and the lecturer had another opparianity of answering them. Simplifie war, Mr. Burton said, all script went through a double examination-that of the "talks" officer and the censor. It was not advisible to attempt to skate on . otherwise the script might have to be rewritten.

The next and final talk of the rear will be in the committee room of thet To va Hall on December 10 when Mr. Coates will deliver what should be a really fine address on "Music," interspersed with suitable records. Mr. Coates is an excellent speaker, and besides be ing an accomplished vocalist. I secretary of the Association. An opportunity is offered to citizen acquire culture and at the same time and wave an enjoyable

Motorist Given Benefit Of Doubt

The evidence tendered by Constable Yardley in Preston Court on November 27 in a charge against Francis J. Drake, Tyler St., Preston, of having failed to give any indication that he intended to turn into Wood St. from High St. was that besides failing an erratic right hand turn. Witness had to swerve to the wrong side of the road to avoid a collision and then swerve violently back again to avoid colliding with another vehicle.

Thomas Wilson Bland, West Preston, said he saw defendant signal that he intended to turn. To Sergeant Evans, who prosecuted witness said he was acquainted with the defendant, who passed him about 50 yards from Wood St.

Thornbury Traders Solidly Behind Carnival

W last July on behalf of the local branch of the Australian Red Cross Society, and the remarkable results achieved by the Thornbury Traders' Association on that occasion, the governing body has once again appealed to Thornbury business people to lend a hand in the Monster Patriotic Street Carnival to be held in High Street next Friday afternoon and evening.

Last July the T.T.A. was responsible in netting the magnificent sum of £235/15/7, representing the highest individual amount received by the Carnival Committee. In conjunction with the Thornbury Red Cross ladies, the T.T.A. worked untiringly to achieve the maximum and their efforts were crowned with success. Now, as before, the two organisations are teamed together to render the best service at their command for the greatest cause of all time. Last year over £300 was paid as a result of the T.T.A. Popular Girl Quest in aid of Red Cross funds.

Unselfish determination is the most impressionable feature in any effort of a charitable nature, and when the call came the T.T.A. and Thornbury Red Cross ladies immediately placed all their own individual concerns in the background and gave their complete interest and endeavour to the task allotted them by the Carnival Committee.

Will This Be A Sentimental Xmas?

Volume Of Trade Should Be Large

THERE are a number of reasons why this Christmas might not be as bright as those for many years past. Foremost of these, of course, is the heavy cloud of war which hangs over such a large part of the world and in which we, as Austrailians, are involved and then the programme of hideous taxation as disclosed in the Budget proposals of the Menzies Government has been most disheartening even if it has been deemed necessary in some quarters.

From present appearances these things are not likely to immediately affect materially the spending powers of the people of the district. There is not the same measure of unemployment as was the case last Xmas when the turnover was considered most satisfactory by local houses. Sales during the last few days improving and the business announcements in this Christissue of the "Leaden-Budget" and "Prestan Post" are a true indication of the great interest that will be taken by local

Christmas is only three weeks away and many of the shops are being dressed and staffed in such a way 23 to indicate that a record will be established. The war opened up an avenue for the sale of war toys which will be abnormal and consistent while it remains in progress. For this reason there have been large wholesale purchases of these classes of toys for retailing which should meet with ready disposal.

Petrol restrictions will certainly prevent many people who are accustomed to travel for pleasure during the holidays from making extensive tours. Thus their spending power locally will

By reading carefully the advertising pages of this newspaper all difficulties in the selection of Xmas and New Year Gifts will disappear as the mist before the rising sun. Enterprising business people have excelled themselves in making the task easy for buyers. All you have to do is to read the announcements and place your orders with those business people who have gone out of their way to make the task of present giving such an easy one-Easy to Select and Easy to Pay For.

As the bicycle has come more generally into use on account of the restrictions, bicycle shops will also show an improvement

Suitable Christmas cards for sending abroad are meeting with a ready demand and thousands of parcels have been despatched overseas so that they will reach the soldiers in time for Xmas which will bring back many fond memories of home and

Poultry prices, even if slightly higher than last year, are quite reasonable and orders should show no deminution on previous

Holiday Plans

There will be no issues of the "Leader-Budget" and "Preston Post" on December 25 and January 5, which means that the last issue for the year will be on December 18 and the first in 1941

Shops will close on Christmas Day, Boxing Day and New Year's Day. There will be two late shopping nights in Christmas week—on Christmas Eve and the following Friday until 9 p.m. The Railways Department will run many special trains and inducements are being offered the public to travel early at con-

Over 50 organisations are lending a hand in the actual conduct-ing of the Carnival, several of which are disposing of Lucky Envelopes and Lucky Lapel Red Cross Badges.

A serious note may be struck when we in Australia, apparent tw safe so far from the terrors of bombing and air raiding, are confronted with an appeal to give something for the relief of those who are Fighting for our Free-dom and our very Existence. We should not hesitate to give un sparingly, and next Friday at will have an opportunity of expressing their patriotism in terms of cash, which, after all, is th

OUTSTANDING SERVICE FOR MOTHERS

DURING the course of every year the Northcote City Council, as managers of the City, spend many thousands of pounds in providing for maintenance and upkeep. Roads must be maintained, garbage collected and disposed of, streets kept clean, and generally the civic well-being of Northcote's residents duly attended to. Yet of all the monies spent in these directions it is very doubtful whether any is more wisely or better laid out than the amount expended upon our Baby Health Centres. At these Centres mother can obtain the best advice possible in caring for Australia's finest asset—strong healthy babies.

This preamble brings us to the subject of these pages—the newly-constructed Thornbury Baby Health Centre in Clarendon St. The Northcote Council is to be congratulated upon this splendidly constructed and scientifically appointed building, and if this work is an indication of how they spend the money entrusted to them, then Northcote ratepayers and residents have every reason to be well pleased.

Great credit is due to the City Engineer, Mr. V. J. Bradlev, C.E., who was responsible firstly for, planning the building, and secondly for supervising the actual work. To those employees of the Council who were instrumental in carrying out the various works, thanks are due also, for their splendid workmanship. All have combined to provide Northcote with a Baby Health Centre par excellence.
