what has been done in the main streets.

There are still a few blackout shades to be removed, and these are being attended to as fast as the staff can handle the work.

An innovation in High St, between Walker and Cunningham Sts, is, the raising of two lights, formerly on concrete standards with the object of removing glare and to give a better diffusion of light. This treatment of lights mounted on concrete standards is believed to be unique. Two more lights on concrete standards between Cunningham and Westgarth Sts are to be similarly raised.

"SLOW MOTION"

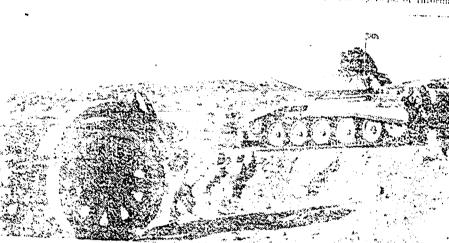

A family of tortoises were having a roung of drinks at a friend's place, but as they had partly finished their drinks, it commenced to rain so old Man Tortoise told the youngest tortoise to go back home for an umbrella, but the young tortoise complained that if he went, the rest of the family would have his drink, but to this they said that none would have a drink till he returned. After three years had elapsed, the rest of the family decided that the young one was lost or dead and were almost to finish their drinks when the young tortoise appeared in the doorway and said "New remember". If you touch my drink I won't go," (Sent in ty bins fletty Dorran.)

Lone chick, taking a look around the electrical membator full of unhatched eggs: "Well, it looks like I'll te an only child, Mother's blown the bloomin' fuse!" (Sent in by Master Ron Weddell.)

WINDOW DISPLAYS THAT MIRROR BOTH

BY reference to the calendar, the feeling of a distinct urge By receive to the calendar, the recing of a distinct urge to gray, him the steady rainfall that invariably marks the occasion we know that spring is here. But Spring, 1942, Frangs us more than those things—it arrives with Austerity and a Loan whose total, when written in figures, is not much less than the calculated number of miles between the earth and the sun. Add to Austerity the era of compon having and we may think, especially the fairer sex, that this the earth and the sun, And to Austerity the era of companions and we may think, especially the fairer sex, that this spiting is not going to be all that the poets cruck it up to be,

Well, the windows at Thurratts, 377-9 High St., Nortle de will, when seen, rapidly dispel this notion, Therefore, latics, he on your way and get an eyeful of the peacity way to combine Austerity—Compon shopping—Spring martness for yourself and the home.

Regulating Prices Of Meals

Even cafes serving a la carte meals will be required to limit meals to three courses and to fix maximum prices. Tea or coffee served with meals will not be regarded as a "course," but any charge made for tea or coffee will be included in the total cost of the meal. Meals of more than three courses will be prohibited, and maximum charges will be fixed as follows.—Dinner 5/; luncheon, 4/; other meals, 3/. On the basis of normal automobile mileage, U.S. motorists would save 700,000,000 gallons of petrol a year by reducing speeds to a maximum of 40 miles per hour or 1,000,000,000 gallons at 35 miles per hour.
