## "WINGS FOR VICTORY" GIRL

### 'BUS PROPRIETORS' NOMINEE LEADS CLOSELY BUNCHED COMPETITORS

Although no voting figures will be announced until next week's "Budget" the initial positions of the various candidates in the "Wings For Victory Girl" Quest are as follows:—

- 1st Mrs. V. Twomey (Bus proprietors nominee)
- 2nd Miss M. Dunstan (Tharratt's nominee)
- 3rd Miss B. Lovelace (Coles nominee)
- 4th Miss B. Bowden (Woolworth's nominee)
- 5th Miss P. Raymond (Needs nominee)

Figures struck on Monday night last illustrate that there is comparatively little between any of the candidates. A more rapid organisation of the 'Bus Proprietors' committee enabled them to quickly swing into action and thus afford their nominee a slight edge on her opponents.

Reports now to hand, however, indicate that the other committees are now marshalling their strength and a wide variety of events are scheduled for all candidates. Saturday night last saw both the "Tharratt" and "Needs" nominees conducting most successful functions that materially assisted their progress and the "Quest" is general.

Once again we emphasise the fact that these young ladies deserve the utmost commendation for their services in this "Quest". By their actions they are assisting a most worthy cause, namely the Welfare Committee of the No. 14 (Northcote) A.T.C. (R.A.A.F.) Squadron, whose work on behalf of the youths in this organisation cannot be too highly valued.

Messrs. Alf Causel (left) and "Dick" Harwood (right) organiser and producer, respectively, of the "Wings For Victory" Quest.

### ANNUAL MEETING

#### Royal Melbourne Hospital Auxiliary

The twentieth annual meeting was held in the Northcote Town Hall on Wednesday, May 26, the Mayor (Cr. W. Glanfield) presiding over an excellent attendance of members, visitors and representatives of kindred societies.

The auxiliary suffered a severe loss by the death of our hon. secretary, Mrs. R. Thompson, in October, 1942. Mrs. Thompson was hon. secretary for over 20 years and had given faithful and sterling service to Central Council and other charitable organisations with which she was connected. Her devotion to her work even during her long illness, was an inspiration to all members.

Reception and adoption of the annual report and balance sheet was moved by Cr. A. McAdam, and seconded by Cr. M. C. Jones. The vote of thanks to retiring officers was moved by Rev. Thornton, seconded by Cr. A. V. Peters and supported by Mrs. Constance Hughes (organising secretary of auxiliaries).

Mrs. Glanfield (Mayor) who was a foundation member of the auxiliary and still retains her membership, responded on behalf of retiring officers.

Miss Splatt of the Bio-Chemical Department of the hospital, gave an interesting lecture on the activities of the hospital, and particularly the work connected with the recent typhoid outbreak.

Cr. Capp moved a vote of thanks to Miss Splatt for her interesting talk.

Officers elected for the ensuing year were:— President, Mrs. A. McAdam; vice-pres., Mesdames W. Glanfield and W. Findlay; hon. treas., Mrs. J. J. Ryan; hon. sec., Mrs. E. Houston; assist. sec., Mrs. Street; birthday sec., Mrs. L. Caelli; social committee, Mesdames Bell, Findlay, Low, Robinson, Feltham, Kemp and Caelli; work committee, Mesdames Dwyer, Jackson, Brockie, Brook, Body; sick visitors, Mesdames Horsley, Pinkney, Waud, Scott; publicity officer, Miss Bang; delegates to Central Council, president and secretary; hon. auditor, Mr. J. A. Thomson.

Mrs. McAdam (president) presented to Lady Stawell a cheque of £200 for the establishment of a one-bed ward at the hospital.

A presentation was made to Mrs. Stott who had to resign as asst. secretary.

The auxiliary is now working for the purchase of an electric bread-cutting machine at a cost of approximately £170, and hopes that its efforts in the coming year will be successful.

Work sent to the hospital during the past 12 months: Air cushion covers, patients' dressing towels, pillow slips, binders, towels, tea binders, face washers, pyjama cords, jars, jam, slippers, peaches, eggs, vegetables, medicine bottles, tin foil, waste, £200 for one-bed ward and £25 for training school—total value £366 18/13.

Life Governorships were presented by Lady Stawell to Mesdames F. Hales, M. Bell, E. Pinkney, M. Brockie and Mr. T. Pollock.

Musical items were rendered by Mrs. Hill, Mrs. Ramsdon and Mrs. Gill.

Rev. J. O. Hughes moved a vote of thanks to the artists and Cr. W. B. Findlay proposed a vote of thanks to the Mayor for presiding. Afternoon tea was served and a very enjoyable meeting was brought to a close.

Mrs. E. Houston, 103 Beavers Rd., Northcote, is the hon. secretary and will be pleased to give any information to ladies interested in the work of the auxiliary.

### Must Be Displayed

#### VEGETABLE AND FRUIT PRICES

Retail prices of potatoes, onions, carrots, oranges, apples and pears must now be displayed in shops. Mr. McCarthy, Assistant Prices Commissioner, who has issued an order enforcing this, said the order was an extension of the policy designed to assist housewives to become their own price inspectors.

During periods of shortages of certain fruit and vegetables, some retailers had adopted the practice of removing price tickets and had left themselves free to quote different prices to different customers.

### Please DO NOT Get The WIND UP!

On Thursday, June 3, Mr. J. I. McColl, District Warden, has arranged for all the Air Raid Warning Sirens in the City to be tested. They will be blown at two (2) o'clock p.m. Blasts will be of ten seconds' duration, with five minute intervals.

Citizens are requested "not to get the wind up."

This is not warning of a raid, but a very necessary precaution. Listen for the sounds of the sirens.

Sgt. Gray, of the Northcote Police Station is in charge of the test.

### Shortage of Milk Supplies

At its meeting on Monday, May 31, the Northcote City Council agreed to the following resolution, to be forwarded to the next meeting of the Metropolitan Sectional Council of the Municipal Association:—

"That a full supply of milk being of paramount importance to the health of the community, the Commonwealth Government be requested to take suitable action to overcome the shortage of supplies by every possible means, including the prevention of the depletion of milking herds, and by the provision of adequate manpower to permit producers to operate satisfactorily."

The question had been raised by Cr. P. Capp, who pointed out that due to shortage of manpower and the high cost of feed, many dairy farmers were selling up part or the whole of their herds, with a consequent reduction in production of milk. The cows so marketed in the main were slaughtered for beef, and if the present rate of slaughtering were allowed to continue, this country would face a desperate shortage of milk and milk products from which it would take many years to recover.

### Proposed Tip in West Ward

#### COUNCIL TO RECEIVE DEPUTATION

At the meeting of the Northcote City Council on Monday, May 31, a letter was received from Mr. C. S. Gorman, hon. secretary of the Northcote West Ward Progress Association, lodging a protest against the proposed establishment of a tip in Comas Gve near the Merri Creek. It was requested that the Council receive a deputation in open council on the matter.

The Town Clerk (Mr. J. A. Thomson) said that the Council had complied with the requirements of the Health Act for the establishment of a rubbish tip on a section of the Merri Creek near the intersection of Normanby Ave and Comas Gve. The procedure would have to be held up to enable the deputation to be heard.

Cr. Turner said he always believed in hearing what the ratepayers had to say, especially on questions such as this, and he moved that the deputation be heard at the next council meeting.

Cr. Bird supported the views of Cr. Turner and seconded the motion, which was carried.

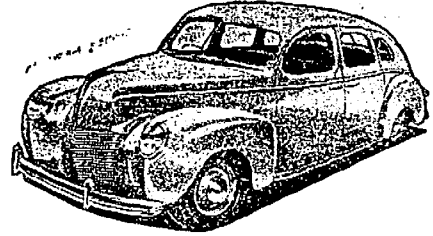

Cr. French said that a report of proceedings had appeared in the "Budget" in which it was purported to have been stated that the progress association meeting that the council intended to dump rubbish on a future site of a road. He pointed out that the council had no intention of doing that.

Cr. Findlay: "That statement was not made at the meeting, I am not blaming the press, but think the person who wrote the report must have misunderstood the position."

GERMANY'S FOOD PROBLEM Preston Council Visits Northcote

By E. N. Robinson, H.D.A. for Department of Information... It is simple to plan for production, but its attainment is not reached only if adequate labor is available...

Between the inauguration of the Nazi scheme and the outbreak of war, Darwin, then Minister for Agriculture, visited Northcote... The tour of the visitors was proposed by Mrs. French and Dr. French, after a welcome had been extended by Mayor Glanville.

RESERVES EXHAUSTED... As the result of hoarding and of favorable harvest, Germany entered the war with full granaries... The Danish newspaper 'Svenske Dagbladet' (28/6/42) has received very severe sentences for supplying wrong information.

PHOSPHATE SUPPLIES... Reduction of supplies of phosphate in the last year resulted in the yield of potatoes, one of Germany's mainstays, and in the third year affected the production of the fertilizer position, with North Africa (before the war they represented 10 per cent. of Europe's phosphate) must be substantially deteriorated.

Other references in the German press in the last 12 months indicate a shortage of seed. In the spring of 1942 it became necessary to re-sow large areas because of seasonal troubles. The fact was bewailed in the 'Vöelcher Beobachter' that, regarding the re-sowing it is calculated that 100,000 tons of seed will be required, and it is not clear whether all the seed needed will be obtained everywhere.

Extracts from the German press also reveal serious difficulties connected with transport, the supply of agricultural machinery, and the insufficiency of agricultural buildings. One such typical allusion is in the 'Deutscher Volkswirt' (12/6/42), entitled: 'The Hard Tasks of Agricultural Production'...

The food position of occupied countries from which Australia has drawn heavily to supplement her supplies is all too well known.

JAPANESE MENTALITY Spirit of Blind Obedience

How far does the average Japanese believe in the cause for which he is fighting? In many of them fighting in the Pacific could not answer this question themselves by a spirit of blind obedience, rather than any glorified race theory.

In regard to Street War Savings Groups, the Preston Council has been informed by the secretary of the Public Works Department that cover advances to War Savings Groups. However, his council would give every encouragement to the establishment of such groups in Preston.

When he was dropping leaflets, plans in which he was flying from the pilot, Capt. Hanson, was forced to make a forced pancake landing in the sea about half a mile from shore.

ADVANCING AUTOMATONS... The average Japanese soldier is mere brute strength and uneducated. 'Among the Japanese soldier, military spirit and discipline are not only very apparent, but it is only among the much higher-ups that you find a trace of the human element in their theory in any strength. They have, he says, been drilled to question the statement of a superior officer and to regard disobedience of an order as the ultimate in crime. From observation, he suggests that the large number of Japanese soldiers who are being sent to the front are untrained and unquestioning.

At first many Japanese prisoners would give us wrong names to that we could not give publicity to their capture. Others preferred death to giving themselves up. Many Japanese consider that honor is lost in the service of their country will give them great honor in the next life. Because of this they will endure greatly and resist to the last. But when they are sick or starved it is another matter. At first they treated these orders contemptuously, then they discovered that our prisoners are well treated. The Japanese prisoner is becoming well-behaved and grateful for kindness shown him.

HELEN ST. SCHOOL'S EFFORT... The Helen St. Central School has raised £116 during the past three months for the Education Department's War Relief Fund. This amount is slightly greater than the total raised for the whole of last year.

CITY OF NORTHCOTE PUBLIC WARNING... Citizens are hereby notified that on THURSDAY NEXT the 3rd JUNE at 2 p.m. and each succeeding Thursday the SIRENS in this City will be tested.

Blast will be of 10 seconds' duration from each Siren with 5 minute intervals. SGT. GREY, Police Officer-in-Charge. J. I. McCOLL, District Warden

Royal Melbourne Hospital Auxiliary Card Party On Tuesday, June 8th the Northcote Royal Melbourne Auxiliary held its monthly card party in the committee room, Northcote Town Hall, where a very enjoyable afternoon was spent by those who entertained it. The hostesses were Madames Tibbo, S.K.R. and Joan, Hales.

COLLECTION OF RATES Percentage This Year 94.3

BETTER THAN LAST YEAR Just a month ago the rate of collection for the current year was 94.3 per cent. This is a very good result, considering that the rate for the corresponding period last year was 93.5 per cent. The improvement is due to the fact that the rate for the first three months of the year was 95.5 per cent, which was a record for the Northcote Council.

WINGS FOR VICTORY GIRL QUEST

The only outstanding feature of the past week in regard to the Wings for Victory Girl's Quest seems to be the development of a certain amount of foxiness by the committees backing the various nominees. A reluctance to reveal exactly what each reserves they are holding back adds piquancy to the event. It is evident there's going to be a desperate dash for leadership in the coming days of the competition.
